#### POISONED WATER.

One of the leading surgeons in the army made the following characteristic remark: "Water kills more soldiers than bullets." His meaning was, that soldiers who drank impure water died by disease in greater numbers than those killed by bullets. The surgeon was right. Impure water, especially at this season, is a terrible cause of sickness and death, But in the public say, what thall we do? There is but one sensitively water, and the sensitive water, especially at this season, is a terrible cause of sickness and eath, But the public say, what thall we do? It is may be asked, where can I obtain pure whiteey? Professor Henry A. Moit says, "the purity of Duffy's Pure Mait Whiskay is absolute, and should commend it to the highest public favor." There are bundreds of samilies that are drinking water constantly, and are kept in perfect health by simply mixing a little of Duffy's Pure Mait Whiskey is each glass they drink. At the Western Cut Nail Association's Regular Meeting here, and Another Mill gives Notice of its Withdrawal.

The regular monthly meeting of the Western Cut Nail Association, held here yesterday, adjourned without beingable to come to any sgreement whatever looking either to a curtallment of production or a change in the selling schedule. One of the mills gave notice that it would probably not be represented at the next meeting. An effort was made to reschedule the so-called extras of the list and materially reduce them all along the line with a view to checking the demonstration caused by what is known as "averages," which are calculated, each mill for itself, upon an arbitrary and shifting base price.

Pending a hopeless discussion upon the subject, a motion to adjourn was carried. The feeling seems to be that the Association is virtually dissolved for the present.

Pending a hopeless discussion upon the subject, a motion to adjourn was carried. The feeling seems to be that the Association is virtually dissolved for the present.

Nothing, so far as could be learned, was done in reference to the reduced size of cut nails to compete with the lighter wire nails, and a stockholder last evening expressed his disgust that this was not acted on, and said he thought a mill or two would introduce the smaller nail on its own responsibility.

KENNEDY DOES GREAT WORK

In the Box-Other Games Played Yesterday - The Kansas Cow Boys Here - Notes About

The game of ball played at Island park yesterday afternoon by the Wheeling and Springfield clubs was in striking contrast with the game played by the same organizations Monday afternoon, when the slovenly work of the home team and their disastrous defeat, coming as it did on top of previous bad work, disgusted everyone. Yesterday's game resulted in the complete shut out of the visitors by a score of 8 to 0. It was a game on the part of the re-organized Wheeling team that set the three hundred and odd enthusiastic patrons who were present wild.

The field work of the team, notwith randing the slippery condition of the grounds, was perfect and in many particulars brilliant, and at the bat they showed up in a style that was all that could be desired. Fred Miller, who was signed at McKeesport Tuesday, played at short, and "Reddy" Williams, of Belliars, the other new player signed was

POLITICS OVER THE RIVER. fumerous Candidates Already in the Field

In Belmont.

Much interest is manifested in the Belnont county Republican convention, which will be held in the Lafsyette Opera House, Martin's Ferry, on Tues-day, August 27. Candidates for the different offices are numerous and there will be a lively fight for all of them, eswill be a lively light for all of them, pecially the treasureship. Much hustling is being done. For Clerk, J. B. Longley and John M. Davis, of St, Clairsville, S. W. Rose and Mr. Ayers, of Kirkwood township, and S. U. Duff, of Blaine, are candidates. For Auditor, George Wise, of Bellaire, and Mr. Fisher, of Fushing.

Wise, of Bellaire, and Mr. Fisher, of Fushing.
For Treasurer, Frank Archer, of Bellaire, W. M. Mitchem, of Washington, and Abram Kelly and Eli Moore, of Barnesville. For Commissioner, Albert Brown, of Bridgeport, Mr. Helpbinger, of Kirkwood township, and W. A. Sharon, of Colerain.
For Recorder J. M. Beckett, the present, incumbent is the only manimentioned. He will probably be renominated.
For Representative, A. T. McKelvey, the present Representative, will probably be his own successor. Other candidates for the various offices will doubtless spring up before the convention is held. Belmont county will not elect a Probate Judge, Sheriff or Recorder this fall. At the recent meeting of the Central Committee an effort was made to get an expression for Governor without success.

Muskogee, I. T., says: The dead body of a man concealed in a clump of bushes was found Monday near Okmulgee, thirty miles west of this place. Upon examination of papers found in the dead man's pockets it was learned that his name was J. H. Beatty, and that his home was Southwest City, Mo. He had been to Oklahoma and, as it appears, was interested in a gracery store in Oklahoma City. There were two bullet holes in his wrist and one in his temple. The supposition is that he was murdered for money, as the wagon and team in which he was traveling were not taken by the perpetrators of the deed. Reatty has a family in Southwest City, and was possessed of considerable property.
